ACTIVITIES

SPACE & BEYOND:

Campers design and launch high flying solid fuel rockets that soar! They see them hit the clouds and parachute back to earth! Always good for a cheer or two!

RINGOES 500!:

Encounter the thrill of victory. Campers race self-designed & constructed high speed miniature dragsters in head-to-head competition. Always a show stopper.

BUBBLE MACHINE: Campers get to design and manufacture their own Bubble Making contraption in which they learn the basics of design, using hand tools, simple machines, and a little bit of electronics. Great activity for all ages.

ONE MORE THING: We always try to round out the campers experience, so we're looking forward to adding another fun-filled learning activity that is still being developed. Stay tuned! Visit T-Recs.com as camp gets closer for details.
